

Esta **GROUP**
AG 

COMPANY PRESENTATION

Esta Group AG is a private company owned by the founding shareholders. The management team has a positive longstanding experience in trading, sales, purchases, finances and logistic.

Esta Group AG operates offices in:

- *Switzerland - Head office*
- *China - representative office*
- *Russia - representative office*
- *Tanzania - representative office*
- *Morocco - representative office*

Esta Group AG core business is sourcing and marketing non-ferrous metals, minerals and energy products. We found our strength in building long-standing relation and cooperation between miners, smelters, recycling companies, and refined metal fabricators cooperating in Europe, CIS, Africa, and the Far East Countries

Esta Group AG markets are: Coal, Copper, Nickel, Gold concentrates, metals and minerals, as well as its by-products.

Private ownership enables the management to make fast decisions as well as to take long-term views on new markets and opportunities.

Efficient business relationships with clients and customers is paramount to Esta Group AG. The fact that management risks their own capital motivates them to take a long-term view of the overall performance and to protect the capital of the company.

Moreover, the experienced and professional team is working from the Office in Switzerland with local banks to coordinate day-to-day financing of Esta Group AG global trade transactions.
